WORK
EXPERIENCE

WARC & International Growth Centre (IGC), Sierra Leone 2019
Research Manager

- Coordinated, hired, and trained a team of +150 enumerators, supervisors, and technicians to carry out a DFID & IGC funded RCT examining voluntary property tax compliance across 200,000 households in Freetown, Sierra Leone.
- Coordinated, hired, and trained a team of 10 enumerators to conduct a pilot study analyzing the benefits of rural electrification across 4 villages (and +600 households) in Northern and Southern Sierra Leone.

Hootsuite Media Inc., Vancouver, BC 2014-17
Customer Success Manager/numerous roles

- Consulted on digital strategy for Government, Higher Education, and Non-Profit clients. Optimized clients' deployment of Hootsuite Enterprise software.
- Attained a 202% net renewal rate (more than doubling my book of business) in my second quarter on the job. This net renewal rate put me 2nd globally on the Customer Success team (over 70 CSMs), and 1st on my direct North American team.

RADIUS Social Innovation Hub, Vancouver, BC 2013
Communications Lead

- Managed and curated all RADIUS social media accounts using Hootsuite (Facebook, Twitter, LinkedIn, Google+). Created engaging blog content to drive website traffic.

McGill Economics Dept & ELIMU Impact Evaluation Centre, Kenya 2011-12
Research Manager

- Aided Dr. Matthieu Chemin in formulating and executing randomized controlled trials (RCTs). These RCTs examined potential policies to increase demand for a health insurance product among +1,700 respondents in rural Kenya.
- Performed econometric analysis on ELIMU's socio-economic data using Stata.
- Managed and led a cohesive team of +10 Kenyan enumerators who performed office administrative work and data entry, and monitored that they effectively completed tasks by specific deadlines.
- Managed over \$45,000 of research grant funds and ensured that ELIMU's financial transactions were accounted for and all monthly bills were paid in a timely manner.
- Resulting research conducted under my supervision was published by Dr. Chemin in *World Development* (see Chemin, M. 2018. "Informal Groups and Health Insurance Take-Up: Evidence from a Field Experiment", *World Development*, Vol. 101, p. 54-72).

Clinton Foundation, New York City, NY 2009
Domestic Policy Intern & Clinton Global Initiative Intern

- Leveraged knowledge of economics to analyze innovative and successful financial products and researched methods by which the Clinton Foundation could extend these products to America's unbanked population.

CONFERENCE
